

IT WAS A FIASCO

Hickey Was Not in It With Bob Fitzsimmons.

KNOCKED HIM SENSELESS

Two Thousand People Witnessed the Long Armed Blacksmith Make a Laughingstock of His Opponent.

CALENDAR PARK, N. J., Sept. 5.—A fairly good crowd assembled at this place tonight to witness a number of sporting bouts, the principal event of the evening being the four round bout between Bob Fitzsimmons, champion middleweight of the world and Jack Hickey, champion middleweight of Ireland. Two thousand people were present.

The preliminary bouts between local pugilists were interesting but not very exciting. Fitzsimmons and Hickey came on at 10:30. Bob made a laughing stock of his opponent in the third after knocking him all over the ring and nearly knocking him senseless, he helped him to his corner. The match was a fiasco. Hickey was never in it.

UNABLE TO PICK WINNERS.

First Day of the Northwestern Breeders' Meeting.

CHICAGO, Sept. 5.—Four thousand enthusiasts saw the first day's trotting of the Northwestern Breeders' association at Washington park this afternoon. It was a card of surprises to those who thought they had the winners picked and was the weakest program probably of the meeting. No well known performers took part. Vassar, backed as favorite for the pacing race at 2 to 1, could do no better than fourth, and Mary Marshall, of which much was expected, was distanced. Guinevere, by Gambetta Wilkes, won in the fastest time of the day. J. L. Case drove Jenny K. in straight heats in the 2:30 and she was a 2 to 1 choice. Mary D. won the yearling heat.

The summaries:

DAYLIGHT SURPRISED THEM.

Won in Three Straight in Grand Circuit Meet.

PHILADELPHIA, Sept. 5.—The grand circuit meeting, which is to last four days, began here today at Point Breeze. The attendance was rather poor. Although the track was fast a stiff wind, which blew straight up the track, hindered the horses.

The first event was the 2:17 trotting race, in which there were five starters. Sattie M. was made the favorite and she justified the confidence of her backers. The 2:25 trot furnished something of a surprise. The bay gelding Daylight was not regarded as being in the race at all, but to the surprise of nearly everybody he went in and won a straight, never being headed. Even after the first heat Ben Ali remained the favorite, but before the third the sentiment changed, Daylight selling for \$25 against \$5 for the first.

The management tonight decided to postpone the free-for-all trot until Thursday or Friday, substituting there for the 2:15 pacing event. This with the 2:25 pacing race will make up to-morrow's card.

MADE MINEABLE FOR LIFE.

This you may easily be if you fail to remedy the indigestion and non-assimilation of the food, which are the attendants and originators of nervousness, that ever present ailment which no narcotic, mineral water or nerve tonic can ever do more than temporarily relieve. Of course these remedies have no effect upon the organs of digestion and assimilation, except to disorder and enfeeble them, thus aggravating the original difficulty. Among the most alarming and dangerous symptoms of chronic nervousness is insomnia, which is the professional term for inability to sleep. Where this exists there is always a tendency to mental overwork, nervous and eventual insanity. Begin at the fountain head of all this difficulty with Hostetter's Stomach Bitters and avert evil consequences. No sooner does the stomach resume its tone, and the system gain in vigor through the aid of this benign tonic, than sleep returns and the nerves grow tranquil. Chills and fever, rheumatism, biliousness and constipation yield to the Bitters.

DELICIOUS TEXAS, JULY 23, 1891.

MESSRS. LIPPMAN, BROOK, SAYANAH, GA. GENTS. I've used now four boxes of P. P. P. I was afflicted from the crown of my head to the soles of my feet. Your P. P. P. has cured difficulty of breathing and smothering palpitation of the heart, and relieved me of all pain; one nostril was closed for ten years, now I can breathe through it readily.

I have not slept on either side for two years, in fact, dreaded to see night come, now I sleep soundly in any position all night.

I am 50 years old, but expect soon to be able to take hold of the plow handle; I feel proud I was lucky enough to get P. P. P. and I heartily recommend it to my friends and the public generally. Yours respectfully, A. M. RAMSEY.

NOT TEMPORARY, BUT PERMANENT CURES

A Plain Statement That Deserves and Should Receive the Consideration of the Sick of This Community.

Dr. Copeland & Graham today present another statement in favor of the permanent results obtained by their method of treatment. They do not "put the disease to sleep" for a short time, but the beneficial results of their treatment are lasting. Call upon those people whose endurance appears, they are your friends and neighbors, and not persons from some obscure place of which you never heard. Ask them about their cure. Call upon Dr. Copeland and Graham for FREE and CONFIDENTIAL CONSULTATION AND EXAMINATION, and if you are satisfied put yourself under treatment while the favorable season lasts, and don't wait until winter's cold compels you to do something. You are making no experiment when you place your case in the hands of Dr. Copeland & Graham. Their experiments have all been made, and their vast experience enables them to at once be able to tell you whether your case is a curable one or not. They have, through years of practice in chronic diseases, been able to so automate their method of treatment that they are able to cure long-standing chronic diseases in a much shorter time than is required by any other system.

Mr. Lorenson's Testimony.

Mr. Christian Lorenson, residing at 232 West Bridge street, a graduate of one of the best testing schools in the country, also a practical tailor and of high standing among the craftsmen in this city, is pleased to his experience at the hands of Dr. Copeland and Graham:

"My system of mail treatment by means of symptom blank and correspondence is as perfect and effectual as our office work. The charge is the same—\$5 a month covers everything, including medicines. Write for symptom blanks."

\$5.00 A MONTH.

ALL PATIENTS WILL BE TREATED UNTIL CURED FOR \$5 PER MONTH. THIS INCLUDES CONSULTATION, EXAMINATION, TREATMENT AND MEDICINE FOR ALL PATIENTS AND FOR ALL DISEASES.

"I was unwilling to publish a testimonial of my cure until I was convinced beyond all doubt that the improvement was permanent. My trouble was catarrh and I am now convinced that my cure is permanent and thank my duty to give these facts to the public."

"I had pains both in the front and back part of my head, my eyes bothered me and my nose constantly troubled me. My throat filled up in the morning and my breathing was affected every time I took cold. My stomach was in bad condition, nauseated, flatulency, sour and painful; my bowels were very bad and I had severe pains in my back, shoulders and legs. In fact, the catarrhal poison had affected my whole system until it was hard to tell where the worst trouble was located, for I felt bad in every part."

"My condition this summer is better than it has been for years, and although I have taken no medicine for several months I continue to improve, and am confident that the medicine and treatment thoroughly removed the disease and I feel that my cure is permanent. I found Dr. Copeland and Graham kind and courteous and could rely upon all they told me, as my case turned out just as they promised."

Last Week's Exhibition of New Fabrics Supplemented by Another Richer, Grander Exposition, Beginning Monday Morning, Sept. 4.

Increased Quantities, High Art Novelties, Retrimmed Windows, Second Invoice of Wraps.

Expectation cannot be set too high regarding the present condition of our store. If other merchants have followed our ideas on buying the looms and mills of the world will sing the merriest song known for years. Isn't this the whole solution of the mooted question? The new goods received during the past few days, and which will be on exhibition all this week, are marvels of the weaver's art.

INSPECT OUR WEST WINDOW.

It has been refilled—yes, flooded, with fresh new novelties to delight lovers of the artistic and the beautiful. Come in and glance down the long aisles walled with the products of Parisian skill and labor, yet the beautiful dress patterns are low priced; not because they are cheap in quality, but because there isn't a manufacturer in the world that would duplicate the goods at a third more than we paid them. A dozen reasons for this, in which you are not interested. Cheapness is not the goal aimed at in our buying, because mere cheapness robs the buyers, cutting the price out of the quality. Our purpose is to distribute only guaranteed goods at the very smallest margin of profit. Harbor these truths in your mind when the hour for purchasing arrives.
